

**STATE WATER RESOURCES CONTROL BOARD
GROUNDWATER SPECIAL STUDIES UNIT**

**CONSTITUENT OF CONCERN
STAFF CONTACTS**

The following table identifies staff contacts for various groundwater quality constituents of concern (COC). SWRCB staff are in the process of developing information sheets and associated GIS maps that focus on sources of contamination (anthropogenic and naturally-occurring), action levels, drinking water detections, analytical test methods, water supply treatment technologies, key references, and inter-agency contacts. In addition, RWQCB staff who may have expertise regarding the various COCs are also being identified. For more information on the COC information sheets, please contact Jan Stepek at (916) 341-5777 or via email at stepekj@cwpswrcb.ca.gov.

Constituent of Concern	Last Updated	SWRCB Contact	RWQCB Contacts
Arsenic	September 13, 2002	Brett Wyckoff (916) 341-5897 wyckoffb@cwpswrcb.ca.gov	
Dibromo-3-chloropropane (DBCP)	September 13, 2002	Jan Stepek (916) 341-5777 stepekj@cwpswrcb.ca.gov	
Hexavalent Chromium (Cr ⁶)	September 13, 2002	Jan Stepek (916) 341-5777 stepekj@cwpswrcb.ca.gov	
Methyl <i>tert</i> -Butyl Ether (MTBE)	September 13, 2002	Brett Wyckoff (916) 341-5897 wyckoffb@cwpswrcb.ca.gov	
Nitrates	September 13, 2002	Chris Cochrane (916) 323-7905 cochranc@cwpswrcb.ca.gov	
N-nitrosodimethylamine (NDMA)	September 13, 2002	John Borkovich (916) 341-5779 borkovij@cwpswrcb.ca.gov	
Perchlorate	September 26, 2002	John Borkovich (916) 341-5779 borkovij@cwpswrcb.ca.gov	
Tetrachloroethylene (PCE)	September 13, 2002	Jan Stepek (916) 341-5777 stepekj@cwpswrcb.ca.gov	
Trichloroethylene (TCE)	September 13, 2002	Jan Stepek (916) 341-5777 stepekj@cwpswrcb.ca.gov	
1,2,3-Trichloropropane (TCP)	September 13, 2002	Jan Stepek (916) 341-5777 stepekj@cwpswrcb.ca.gov	
Vanadium	<i>Under Development</i>	Jan Stepek (916) 341-5777 stepekj@cwpswrcb.ca.gov
